

Critical Information Summary

Business NBN Bundles

INFORMATION ABOUT THE SERVICE

The Business NBN Bundle is a Broadband and Phone service delivered on the **nbn™** network using Fibre to the Premises (FTTP), Fixed Wireless (FW), Fibre to the Basement (FTTB), Fibre to the Node (FTTN), or Hybrid Fibre Co-Axial (HFC) technologies.

Required Services & Availability

The Business NBN Bundle is only available within the **nbn™** (FTTP, FW, FTTB, FTTN or HFC) ready for service area. **nbn™** availability can be checked using the coverage checker on the SpinTel website. You will require a SpinTel Network Gateway (SNG) for all types of **nbn™** services.

Early Termination Charges

If you cancel the service before the end of your contract term (12 months), Early Termination Fees (ETF) will apply. ETF is calculated as the monthly charges multiplied by the balance of the contract period, capped at 6 months' worth if you are on a 12-month contract.

Minimum Term

The NBN Bundle is available on either a month-to-month contract, a 12-month contract.

Minimum Monthly Charges

The minimum monthly cost for the Business NBN Bundle is equal to the sum of the Business NBN Broadband and NBN Phone monthly access charge. For example, if you were to select the '100GB' (50Mbps) Broadband plan and the '\$10.00' NBN Phone plan, you would be charged \$59.95 + \$10.00 (\$69.95) per month.

Minimum Total Cost

- Month-to-month – The minimum total cost for the Business NBN Bundle is equal to the sum of the Business NBN Bundle and NBN Phone one monthly access charge, plus the Standard Gateway/Handset charge, plus postage. For example, if you were to select the '100GB' (50Mbps) Business NBN Broadband plan and the '\$10.00' Business NBN Phone plan, you will be charged \$59.95 + \$10.00 + \$110.00 + \$15.00 = \$194.95.
- 12-month contract – The minimum total cost for the Business NBN Bundle is equal to the sum of the Business NBN Broadband and Business NBN Phone monthly access charge multiplied by 12 months, plus the Standard Gateway charge, plus postage minus the \$100 account credit. For example, if you were to select '100GB' (50Mbps) Business NBN Broadband plan and the '\$10.00' Business NBN Phone plan, you will be charged $(\$59.95 + \$10.00) \times 12 + \$110.00 + \$15.00 - \$110.00 = \854.40

INFORMATION ABOUT PRICING

Monthly Charges

Unlimited Broadband Data during (Midnight – 7pm)			
Up to 50Mbps		Up to 100Mbps

If you're in a new development and not already connected to the **nbn™**, you may incur a New Development Charge of \$300 to connect your premises to the **nbn™**.

Critical Information Summary

Use of the Telephone Service During a Power Outage

During a power failure, or if the SpinTel Network Gateway is switched off or faulty, you will not be able to make or receive phone calls, including calls to emergency services. Priority Assistance services such as Medi-Alert are not offered. If you use a back-to-base alarm or any other phone-dependent service, you'll need to consider purchasing a battery backup solution (e.g. a UPS) to give you the required up-time suitable for your needs. SpinTel nbn™ services do not include a battery backup. For more information, please visit spintel.net.au/batterybackup or visit www.nbnco.com.au/battery.

Incompatible Equipment

Most existing devices will be supported by the SpinTel Business NBN Phone service. Some older landline telephone handsets (such as a dial/rotary phone), back-to-base alarm systems, personal response systems (medical alert/emergency call systems) and fax machines may not work. Please consult the device manufacturer.

Customer Service Guarantee

The NBN Bundle and set-up pricing is based on customers agreeing to waive their rights under the Customer Service Guarantee (CSG). For more information, please contact SpinTel on 13 22 10.

OTHER INFORMATION

Unlimited Hours

The hours between Midnight and 7pm Australian Eastern Daylight Time
Western Australia the hours between Midnight and 6pm WA Time.

nbn™ Speeds

Actual throughput speeds may be slower and could vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by SpinTel. Devices connected by Wi-Fi may experience slower speeds than those connected by Ethernet cable.

nbn™ Co-Existence Period

A Co-Existence Period may exist for services using nbn™ FTTB and FTTN where other ADSL or special services may co-exist on the same network infrastructure as the nbn™ services. During this period, optimal speeds may not be possible due to interference from equipment or network provided by other services. This may be up to 12-months after a new nbn™ service is activated.

Monitoring Your Usage

You may view your usage by logging onto SpinTel's member portal My Account. Access My Account at: my.spintel.net.au

Billing

You will be billed up-front for any hardware and activation charges. You will then be billed according to your billing cycle. The first bill you receive may include charges for any days remaining in the month until your billing cycle ends and will also include charges in advance for the next billing cycle. Your call and/or data usage is also based on your billing cycle and your first month may include proportional usage based on the remaining days in that billing cycle. Payment methods include direct debit from a nominated savings and cheque account, or a credit card. No processing fee applies for a savings or cheque account where a BSB and account number are used. You will receive your bill at least one week prior to any direct debits.

How to Contact SpinTel

Our call centre is available seven days a week from 8am to 8pm weekdays (AEDT) and 9am to 5pm weekends and public holidays (AEDT). To speak to a SpinTel representative, call 1300 303 375.

Complaints or Disputes

You may lodge a complaint with SpinTel by following our Complaints Handling Policy which is located at spintel.net.au/complaints. If you are not satisfied with the proposed complaint resolution after exhausting all steps, you may wish to consider contacting the Telecommunications Industry Ombudsman. The TIO should be contacted only as a last resort, after we have thoroughly investigated your complaint. You may contact the TIO at: tio.com.au

This is a summary only. Full terms and conditions are available at spintel.net.au/terms
