

Critical Information Summary

SIM Only Mobile Plan

INFORMATION ABOUT THE SERVICE

The service is a SIM-only mobile phone plan compatible on devices using the 5G,4G. The plan is made up of ‘Voice’, ‘Text’ and ‘Data’ inclusions. Mobile coverage is delivered via Optus 5G and 4G mobile network.

Minimum Term

The S, M, and L plans listed below are available on a month-to-month contract.

Data Charges

If you’ve reached the maximum limit of your data inclusion you will be charged \$10 per gigabyte for further data usage. Data is calculated for both downloads and uploads and rounded in KB (per session).

Minimum Monthly Charges

The minimum monthly charge for the Mobile plan is the charge of your selected plan. For example, if you were to select the ‘S’ Month-to-month \$40.00 plan, you would be charged \$40.00 per month. This amount would increase if you exceed your included data inclusion, or use services outside of your plan inclusion (see ‘Data Charges’ above).

Unit Pricing

For Unlimited plans, the price per unit of voice ‘Minutes’ and ‘SMS/MMS’ is not applicable as the allowance is unlimited within Australia – please take note of the ‘Acceptable Use Policy’.

The cost of using one megabyte of data on the month-to-month plans is \$0.002 on the ‘S’ 20GB plan, \$0.0006 on the ‘M’ 80GB plan, \$0.0003 on the ‘L’ 200GB plan.

Minimum Total Cost

The minimum total cost for the Mobile plan is equal to the cost of your plan, plus a SIM activation fee of \$10 (free standard postage). For example, if you select the ‘S’ \$40.00 plan, the minimum total cost would be equal to \$40.00 + \$10 SIM card = \$50.00.

Early Termination

Month-to-month plans, and plans combined with an eligible ADSL/NBN Bundle may be cancelled at any time by providing us with 30 days’ notice.

Plan Changes

Month-to-month plans may change between other Month-to-month plans at any time but not at the discount price. The new plan is effective at the beginning of the following month (or your next billing cycle).
